Prayer Conference Recap

Soul-Lifted Sisters Remove the Band-Aid and Become Prayer Conference was an encounter we will never forget!

So much happened in such a short time as we celebrated 12 years of ministry and sisterhood. It was a time of healing, processing, development, freeing, learning to love yourself more, and overcoming past trauma to BECOME.

All we can say is that the Lord showed up and showed out. It was truly an amazing time in the Lord. The freedom that took place was priceless, and the power of God was so evident that it left us all speechless. The manifestation that took place was something special. First-time conference goers stated they had never experienced this level of love, teaching, and specialness.

We give God all the praise, honor, and glory for the wonderful Prayer Conference Retreat May 16-19, 2024, in West Palm Beach, FL.

The entire weekend was an experience with a spirit of excellence. You can see the conference highlights and photos on our social media platforms. We kicked off the conference with a nice meal, communion, prayer, and healing boards. Thursday night was all about our spiritual alignment and receiving the tools to move from brokenness to thriving. In the days following we attended workshops on overcoming trauma, taming your tongue, wellness, self-care, celebration of 12 years of ministry at our dinner GALA, and Sunday Worship Service. All we can say is that the Holy Spirit took flight!

Heartfelt thank you to everyone who assisted in making this conference a memorable experience for us all. Your love and yes do not go unnoticed. Congratulations to Mother Jimmie Blossom on her appointment as Mother of Soul-Lifted Sisters.

Humble thanks to Dr. Witherspoon for helping us remove the band-aid and become.

Join me in congratulating our 2024 Soul-Lifted Sisters Volunteerism Scholarship Winners. Next Community Outreach:

Our Next "Food for the Soul" outreach event is scheduled for **Saturday, June 22, 2024, at 6:30 am** in Central Florida.

This month, we plan to honor **DADs** by reminding them that they matter and deserve love too. We will be serving a hot breakfast and giving special gifts to fathers to celebrate them.

As we embark on our 11th year of community outreach service, we are praying to make the care packs more gender-specific and create special ones for the children in the shelter. With your faithful monthly support, we can make this belief a reality.

A huge thank you to Minister Dr. Erania Witherspoon and the **Soul-Lifted Sisters** Ministry for serving up warm smiles and a hot breakfast this past Saturday. Their generosity touched hearts as they not only provided and served breakfast but also gave away special gift bags to our mothers as an early Mother's Day present. From the uplifting worship music playing while everyone ate to the exciting raffle giveaways, every detail reflected their dedication, and we cannot thank these wonderful volunteers enough for providing an anointed breakfast and atmosphere to our Family Home guests.

"Adopt A Family" - "What's that you ask?"

We have taken up the initiative to work with a shelter every month to identify a family in need and bless them with new clothes, shoes, and personal essentials for their entire family. We understand that the shelter provides housing and some meals, but everything else depends on donations, and we want to make a difference in these families' lives.

We believe that our current situation does not need to define how we look, and children should not have to wear clothes and shoes that are stained, too small, or too big. Our aim is to provide them with quality clothing that fits well and makes them feel special.

To achieve this, we have decided to sponsor a week's worth of clothes, including underclothes for each child in the family. We will request the sizes of each family member and place the order for the clothes and shoes accordingly. Once we have received the items, we will privately deliver them to the family.

We want to assure you that we will not share any of the recipients' information on social media. Our intention is to help these families, not exploit them.

Our first family that we will be blessing is a single mother of five children whose ages range from one to ten. We hope that this initiative will inspire others to help make a positive impact on families in similar situations. Let's just say Christmas all year!! We need your financial support to make this Vision a Reality.
